

## MAY SOON SPIKE GUNS OF SENATOR LA FOLLETTE

### PETITIONS URGE HE BE OUSTED FROM JOB

No Country Can be Saved by His Wind Jamming and Decrying the Government That Protects Him

La Follette Speeches Make Good Material for the Enemy Prussians to Peddle About in Germany

Many Brainerd people are signing petitions asking the United States senate to purge itself by ousting Senator Robert M. La Follette of Wisconsin from membership.

After the disclosures of federal investigations in German diplomatic correspondence any man must be a fool who is trying to seek an alibi for the Prussian's war machine gone mad.

With the silly "Angers on German intrigue and sneaky tentacles reaching into the very life blood of America" it's about time there was a house cleaning and anyone with a pro-German brief had better change clients and drop the German side of the story.

La Follette is an old man who is doing mischief with his tongue. His speeches are used in German propaganda in neutral Europe and in Russia.

When the Minnesota vagrancy law grabs a soap box orator dilating against the government and let's a big gun like La Follette vent his spleen against the government it is time to call a halt.

Copies of the petitions seeking the dismissal of La Follette are being circulated in Brainerd. Men of German birth or descent are signing the petitions.

Many Minnesotans are disgusted that Wisconsin should unload such so-called oratory on an unoffending state and might well keep at home an old man who has lost his sense of the eternal fitness of things and evidently does not harmonize with the times.

### HURRICANE SWEEPS GULF

No Serious Damage Done Say Early Reports.

New Orleans, Sept. 29.—Although the wind at places attained a velocity as high as 100 miles an hour, the hurricane-swept section of the Gulf coast from the Mississippi river to the west coast of Florida escaped serious damage, unless there was great loss at Pensacola, the only city which was cut off from communication. For hours the entire coast was isolated, all telegraph and telephone wires being down, and great anxiety was felt.

La Follette Is Held to Forfeited Seat. Rutland, Vt., Sept. 29.—A resolution declaring that Senator La Follette has forfeited his right to a seat in the Senate by his recent public utterances, was adopted at the Vermont war conference.

Addreses Democratic Congress. Petrograd, Sept. 29.—Premier Kerensky addressed the democratic congress at its first session in the Municipal theater, receiving applause which came principally from the radical group of delegates. He spoke with the air of challenging his opponents.

The address was largely a defense of the acts of the government under his premiership. M. Kerensky was interrupted frequently by shouts which led at times to altercations lasting several minutes. At one point the Bolsheviks burst into loud cheers.

Boilermakers Upset Plans. San Francisco, Sept. 29.—All plans for ending the San Francisco ship building strike have been thrown into confusion by the announcement that the boilermakers' union have refused to abide by the decision of other unions in ordering all strikers back to work. The vote was 503 to 463. When advised of this the committee representing the employers in the recent negotiations issued a statement that should the boilermakers persist, "we will instruct members not to re-open their shops."

### U-Boat Menace May Curtail American Troops to Europe

(By United Press)

Washington, Sept. 29.—The transportation of American troops to Europe during the next six months may be greatly curtailed as a result of Germany's U-boat menace, and the matter was discussed with surprising frankness by the British minister in a speech on the foremost question before the American people which is the disposition of American tonnage.

The United Press states on the highest authority that a grave question has arisen as to whether the United States is not perhaps crowding her side of the struggle in forcing thousands of soldiers overseas instead of moving supplies which the allies are so badly in need of.

The allied man power is greater than that of Germany and that they will have a better chance if well supplied than as though they are under-supplied and more American troops transported to the European battle fields. For every American soldier transported his weight in supplies must be sent every 30 days.

### Terrific Hurricane Sweeps Gulf Coast Towns are Isolated

(By United Press)

Mobile, Alabama, Sept. 29.—Pensacola and its environs are lost to the outside world, a 100 mile gale blowing when communication was cut off. The hurricane left a path of wreckage all along the coast of the gulf and schedules have been swept back to sea again. Storm warnings have been posted from Jacksonville to Fort Monroe. Fire destroyed the chamber of commerce and the Cotton exchange causing a loss of \$300,000.

### Martial Law in Argentine is Declared

(By United Press)

Buenos Aires, Sept. 29.—Martial law throughout Argentina has been declared to preserve order that the paralysis of all business caused by the general strike may be averted.

### BRIG. GEN. G. B. DUNCAN

First American officer to receive French war cross for his work.

Brig. Gen. George B. Duncan (together with Major Campbell King) was the first American officer to receive the French war cross for his work as observation officer in forward artillery posts in the recent Verdun offensive. A piece of shrapnel struck his steel hat while he was at his post. Congressional action is necessary before he can accept the decoration of the French government.

### Head on Collision 22 are Killed and 65 Badly Injured

(By United Press)

Tulsa, Oklahoma, Sept. 29.—Twenty-two are known to have been killed and 65 injured in a head on collision of passenger and freight train on the Frisco road last night. Disregard of orders by the passenger engineer is alleged to have been the cause.

### Makes Appointments

(By United Press)

Washington, Sept. 29.—President Wilson has appointed Robert Woolley, manager of the Wilson publicity campaign in 1916, and two others to the Interstate commerce commission, and Charles R. Page, of California to the shipping board.

### Russian Army Northern Front Not to Blame

(By United Press)

Petrograd, Sept. 29.—The Russian army on the northern front has been absolved from blame for the retreat around Jacobstadt and Riga front in the report made by the commissaire there. All commanders are unanimous in praising the conduct of the troops.

### Germany Not Willing Evacuate Territory Including Belgium

(By United Press)

Copenhagen, Sept. 29.—Germany has not announced her willingness to evacuate the territory she now occupies, including Belgium, in the announcement of Premier Michaelis according to Berlin dispatches.

### Two Aeroplanes are Brought Down Raid on London

(By United Press)

London, Sept. 29.—Two German aeroplanes were brought down by the British defenders out of a squadron of 20 which unsuccessfully raided London last night according to an announcement by Lord French.

### Shipyard Workers are on a Strike

(By United Press)

Seattle, Sept. 29.—10,000 shipyard and metal workers doing work for the shipyards have gone out on a strike.

### Exonerates Members

(By United Press)

Washington, Sept. 29.—A statement exonerating any member of congress from the charges of receiving German gold issued by the state department says that no evidence that would connect any member of congress with the expenditures of money by the German embassy is at hand.

### WASTE PAPER IS A REAL BONANZA

Community Saving and Marketing of Waste Paper Nets Many Small Contributors a Neat Sum

\$138.07 Soon to be Distributed Among Towns People by Secretary Lincoln of Chamber of Commerce

### Take Back Swedes Who do not Wish Serve U. S. Army

(By United Press)

Stockholm, Sept. 29.—The Tidende, a Swedish newspaper, says a foreign movement is being prepared to send ships to America to bring back all Swedes who do not wish to serve in the American army.

### Two More Deaths

(By United Press)

Washington, Sept. 29.—Two more deaths in the American expeditionary forces under Gen. Pershing are announced by the war department.

### Townley's Assertion

(By United Press)

St. Paul, Sept. 29.—President Townley says the farmers are getting only \$1.90 for wheat which cost many \$4.06 per bushel in answer to the charge made that the farmers are "profiteering" for higher wheat prices.

### Gets 7 Years

(By United Press)

San Francisco, Sept. 29.—Daniel O'Connell was given a seven year sentence upon conviction of obstructing the selective draft.

### BOUND BY ABSOLUTE UNITY

U. S. and Britain Joined by Closer Ties Than Pacts, Says Milner.

London, Sept. 29.—Viscount Milner, minister without portfolio in the British war council, speaking at the American luncheon club declared against any peace with the unrepentant German rulers.

Touching on the entry of the United States into the war and the moral significance of it, Lord Milner evoked a tremendous outburst from those at the luncheon when he said:

"I feel that your country and mine are now united by something far stronger than any written pact or alliance, namely, by an absolute unity of motive and aim."

"PUT LA FOLLETTE THRU ENEMY LINES," SAYS T. R.

"President Wilson ought to have the American soldiers open up a hole in the German lines in France and shove La Follette and the rest of his ilk through the hole, just as President Lincoln did with Vallandigham in the civil war," Theodore Roosevelt, upon arrival in Minneapolis.

Spies on Transport Caught.

Durham, N. C., Sept. 29.—Court martial and subsequent putting to death of two German spies, one a wireless operator and the other an orderly to the commanding officer, in all probability saved General J. J. Pershing's expeditionary force en route to France some months ago, from disaster, according to a letter received by a son of American Ambassador Walter H. Page from his father. Frank Page, a nephew of the ambassador, who is attending Trinity college, read the letter while at his home in Aberdeen.

A check for \$138.07 was received by the Chamber of Commerce today in payment of the second car lot of waste paper shipped in August from Brainerd. This check is larger than the first and the expense of handling the car lot was but \$3.00 so that a net profit or saving of \$135.07 has been made in this unique but practical manner.

The secretary will revive certain knowledge in mathematics obtained in the "little old red school house" and figure out each shippers percentage of the expense, deduct the same and checks will be issued early in the coming week. The percentage of cost for the first shipment was \$0.014 per pound and will be less for this shipment.

Next Car Lot

A contract has been closed for another car lot of paper which must be on its way by October 10, in order to secure the prices obtained by the Chamber. It is probable that this will be the last car lot shipped this fall, as winter coming on and the uncertainty of freight service for this kind of freight will make it impracticable to accept more paper for shipment.

All who care to ship are expected to flat their paper at once and see that it is at the warehouse. They will be expected to assist in loading when the time comes, as they did in the last car lot, thus facilitating the work and making it easy all around.

### U-BOATS SCARE BRITAIN

Warning Given That Situation is Extremely Serious.

Calls on United States to Build at Least Six Million Tons Yearly.

London, Sept. 29.—According to a statement authorized by the controller of shipping, British shipping losses since last February, when the unrestricted submarine campaign was begun, now approximate the total losses before that period.

Grave warning that the submarine situation "is extremely serious" was thus authorized.

"Britain calls on the United States to build at least six million tons yearly," the ministry urged. "Otherwise all war effort may be futile. Sinkings since February 1 total four and a half million tons."

### BRITISH RETAIN NEW GROUND

Break Up German Counter Attacks—Russians Aggressive.

London, Sept. 29.—Efforts to break into the new ground won by the British in the renewal of the Flanders offensive are being continued by the Germans. Failing to shake the British line elsewhere, they tried it off at Zonnebeke, where the British have pushed far along the road to Roulers. The attack, however, was broken up.

Russians Renew Aggressiveness.

Zonnebeke is an important point for the British and their previous efforts to reach and maintain a hold in it had been desperately resisted by the Germans.

On the Caucasus front, the Russians are showing renewed aggressiveness. The Russian admiralty reports the loss in the Baltic of the Russian destroyer Ochotnik, which struck a mine.

### German Ambassador and Men Mentioned in Washington Expose

The state department's revelations of German plots to make air raids on England through Justice Cohalan denies he sent such a message; that Captain von Papen, military attache of the German embassy, was concerned in plots of violence in the United States; that Jeremiah O'Leary and George Sylvestre Viereck of New York City were mentioned in connection with other German plots; that J. F. J. Archibald and Edwin Emerson, said to be American newspaper correspondents, received \$5,000 and \$1,000 respectively for work they did for the Germans.

## WOMAN'S REALM

### BAZAAR WAS A GREAT SUCCESS

Hundreds were Present at the Chamber of Commerce Rooms on Friday Evening

### NEAT SUM OF MONEY REALIZED

One Piece of Fancy Work Raffle, Brought in \$23—Booths Well Patronized

The Red Cross Comfort Kit committee scored a signal success with its entertainment and bazaar at the Chamber of Commerce rooms on Friday evening. Hundreds were in attendance and bought freely, thus assuring the committee of funds to buy material and supplies for the soldiers' kits.

Al Mraz sang in the course of the evening and his selection received well merited applause.

Cakes, pies, bread and rolls were on sale at one booth and the toothsome examples of housewives' culinary skill were soon bought up.

The booth with its precious freight of jellies and pickles also did a tremendous business.

The fancy work booth was a first aid to Christmas shopping and was well patronized. A fancy work pillow brought in \$23.

The fortune telling booth told only happy events and pleased every seeker who wished to have the veil of the future thrust aside.

The home made candy booth had fine confections made by Northeast Brainerd girls and was in charge of Miss Elizabeth Crust.

The Southeast Brainerd girls were not to be outdone and had a booth which fairly luxuriated with articles every housewife should have.

There was no closed season at the fish pond. It was operating every minute and every angler caught something.

Linked with the patriotic effort to help the boys soon to leave on the next call, Brainerd citizens responded well and showed that as a community Brainerd has the right spirit and enterprise.

### TO MANKATO CONVENTION

Mrs. W. C. Cobb goes as State Treasurer of the Federation of Women's Clubs

Mrs. W. C. Cobb has gone to Mankato to attend the state convention of the women's federation of clubs. Mrs. Cobb is state treasurer. Delegates from Brainerd include Mrs. O. H. Johnson and Mrs. E. O. Webb.

### HIKING PARTY

Chaperoned by Mr. and Mrs. M. C. Sheets, clerks of George F. Murphy Store go to Barrows

Chaperoned by Mr. and Mrs. M. C. Sheets, clerks of the George F. Murphy store of quality hiked to Barrows and there enjoyed a luncheon and a program. It was not a round trip hike, just one way. The return journey was made on the old reliable Northern Pacific passenger.

### Committee Thanks

The members of the Comfort Kit Committee wish to extend their thanks to those who have so generously responded to the call for financial aid in the work they are doing for the boys who are leaving for the call to duty by Uncle Sam. It is gratifying to the committee to know that the community appreciates the efforts in their work and it is with grateful hearts that they extend to every person and society that has so generously given aid their appreciation.

### Class Party

The Philathea class of the Methodist church will be entertained by Mrs. A. T. Fisher and Mrs. Vern White on Monday evening, Oct. 1, in the social rooms of the church. Every member is requested to be present.

### Large Attendance

The woman's meeting at the Tabernacle this afternoon was largely attended and the address was well received. The lateness of the hour prevents an extended notice.

### WHERE TO WORSHIP

Norwegian Danish Lutheran Sunday school at 9:15 a. m. Confirmation class Saturday at 10 a. m. Union services in the Swedish Lutheran church Sunday evening. A. Sorenson, pastor.

### Evangelical Association

(Cor. Forsyth and 4th Ave. N. E.) Sunday school at 9:30 March to the tabernacle at 10:30. Your presence is very much desired in Sunday school. Bring your church offering either to Sunday school or the morning service at the tabernacle Geo. Herbold, pastor.

### Presbyterian Church

The morning worship will be held at the tabernacle and all members are asked to be there. The Sunday school will be held at 9:45 instead of the noon hour and will then adjourn to the tabernacle. ## WARM BEDDING

Walking through the Bedding Store on a sharp, chilly morning two important things were especially noticeable which our patrons should know about. The tremendous stock of warmth giving Blankets, Comforts, Pillows and other Bedding, and the fact that values are noteworthy because late last winter when stores were buying spring and summer merchandise and Bedding was much lower in price than an present O'Brien's prepared for the coming winter stock. These for example:

The "church night" meeting was a great success. The different churches had their church buildings as a rallying point and then marched in a body to the tabernacle. One long line of marchers composed of several churches uniting their forces paraded down Seventh street to Laurel and then up Sixth street.

The Presbyterians led the way, carrying a big banner with the word "Presbyterian" inscribed. There were many pennants, banners and flags in the procession. A cornet played by a young man of the church led the singing of the hymns of the marchers enroute.

When the tabernacle was reached the procession filed in and took the seats reserved. The building was quickly filled amid hand clapping and

applause of the good humored crowd. The machinery of the tabernacle quickly slipped into "high" when Charlie Wieland got hold of the situation and it was a congregation filled with cheer and good will which at last faced the preacher.

The loyalty developed by a church when it rallies about its banner was commended by a number of on-lookers. No one seemed ashamed to be seen in a parade of church members and friends. The lodges, unions, political parties have had their units marching through the city and everyone seemed to be proud to be recognized therein but this is the first time this distinction has been conferred on the churches. "Let's have another and all the churches have all their forces out," was the comment of one man.

Before the sermon Miss Cain spoke in commendation of the lecture for women and Mr. Wieland stated that Mr. Bromley's lecture was one of the lectures destined to live. It was one of the "men only" lectures which did not need to be fumigated before being heard. This sermon is for boys, too, there being no age limit, in fact fathers are asked to bring their boys.

Dr. Bromley spoke of the smallness of the crowd last Saturday night. "Brainerd isn't used to going to a Saturday night meeting," said he, "get used to it and see how good it is to be in a spiritual atmosphere the night before the Sabbath. It won't do for some of you to die on Saturday night, the only time for you to die is on Sunday morning. That's the only time you give religion a thought."

In his announcements the evangelist stated that he had a great interest in the soldier boys and he hoped the Christians would take an interest in doing what they could to make them comfortable but he was ashamed of the movement that is now on foot to provide them with cigarettes. The cigarette and the whiskey flash are two things which should be let dead alone by any soldier who wants to keep himself up to the mark.

Both these articles are restricted by law because they are recognized as evils, harmful to soul and body. A little book titled "Optimism" has been written for the soldier boys, put that in the comfort kit and leave the "coffin nails" out.

Miss Beck sang "Looking to Jesus" with good voice and pleasing manner.

Arrangements have been made for protection to car owners who have to park their cars outside the tabernacle. They will be guarded from tonight on.

The sermon was on the "Christian Home" last night and was an impassioned plea for Christianity in the home. The text was from Joshua twenty-four fifteen, "As for me and my house we will serve the Lord."

Joshua's decision to stick for God has influenced thousands in every

period of the world's history. Paul's choice for Jesus Christ has decided the destiny of thousands. The conversion of one man in this building may mean the salvation of scores, maybe thousands.

Religion is a common element in all. The mind has that bent, the soul turns instinctively to some supreme power. Man is built to serve and he will serve whether he wills or not—either God or the devil. "Whom ye yield yourselves servants to obey, his servants ye are whom ye obey."

Religion is the supreme need of the home. Education, civilization, internal and external development, culture, are good things, but the pearl of great price is Christ in the home. Some men have their religion in their wives names so that the only hope of their getting to heaven is in dying at the same time and getting in on the one ticket.

The hardest cases to deal with are not the thieves, the prostitutes, the saloonists but the smug church member who is self righteous and counts himself honest. The greatest debt a man owes is to God and unless he pays debt he is the worst thief in existence.

Religion is needed in the church. There is nothing so appropriate in a church as religion yet there are few things so rare. A nice carpet, pipe organ, stained windows, are good enough things in a church, but nothing fits like religion there.

Religion is needed in society. One of the grossest breaches of social etiquette is to mention the name of Christ at a social gathering. That name would react like a forty centimeter gun if used in any way but profanely in the ordinary society gathering. It would scare half the group under cover of the nearest table.

Religion is needed in business. William Stead who perished on the Titanic said he never heard a sermon preached on common honesty.

## Author Reaches the Goal.

The first book he wrote was splendidly written, but had no plot. The second was poorly written, but had a good plot. So he wrote another that was both poorly written and plotless, and advertised it in such a manner that it was almost barred from the mails. Whereupon he became a successful author!—Richmond Times-Dispatch.

## Music Hall Charms.

Fatigue and tired nerves often account for restlessness; in such conditions there is nothing better than soft music to quiet the nerves and put one in harmony again. It is more than a saying that "Music hath charms to soothe the savage breast." It is true of that small primitive being, your child, who needs all that you can give him.—New York Evening Post.

## STICKNEYS A WAR FACTOR

Four Generations Fought for Old Glory, Robert A. Stickney Completes the Line

### HE AND RAY HALL ACCEPTED

Jerome R. Spiering Goes to the Front Soon, Succeeded by J. H. Vierieg of St. Cloud

When Robert A. Stickney, son of Mrs. Minnie C. Stickney, was refused for army service and once for the navy and was then accepted in the draft, being No. 258, first drawn in Crow Wing county, it was with a feeling of some pride that he went to Camp Dodge, Des Moines, Iowa, there completing a chain of four generations who had fought for Old Glory. Stickney's father, grandfather and great grandfather took up arms in defense of the Union.

News received in the city from Camp Dodge is that Robert A. Stickney and Ray Hall were accepted on final examination.

Jerome R. Spiering, superintendent of the Brainerd Gas & Electric Co., has gone to St. Cloud and then to Crookston where he will visit his parents. He has been called to the front. J. H. Vierieg of St. Cloud will have charge of the Brainerd plant during Mr. Spiering's absence and the latter will resume his position just as soon as he returns from the war.

### \*\*\*\*\* BRAINERD'S OLDEST STORIES OF TODAY \*\*\*\*\*

The Somme battle front has its scarred flags, and so has Brainerd. Take a look at some of the flags flying from Brainerd buildings. Up on a high pole of the high school is a mere shred flapping in the breeze, the stripes long since blown away and nothing but the tattered stars unfurled. Down in the business section is a flag whose stripes are ripped lengthwise. Dingy dusty flags abound. However, one of the best preserved flags is at the postoffice and there the janitor conforms to government regulations and hauls down the flag in the evening and hoists it again in the morning. No flag can endure that must face Brainerd coal smoke, cinders, wind and rain twenty-four hours each day.

"I always have an eye for waste places," said the Brainerd man who addressed the young lady in her new peek-a-boo waist.

Soon will come the melancholy days when the coal man must be paid, when the storm windows and doors must be dug up, when the automobile refuses to start and she runs wobbly half a dozen blocks before she warms up.

### DEAN WILSON'S ADVANCEMENT

Son of Mr. and Mrs. J. A. Wilson, Receives appointment as Electrical Engineer

Dean Wilson, son of Mr. and Mrs. J. A. Wilson and a graduate of the Brainerd high school has a government appointment as junior electrical engineer for the Western Division, consisting of eight western states, with headquarters in San Francisco.

The position is one of great responsibility and carries with it a very satisfactory salary. Naturally Dean's friends are greatly pleased over the appointment.

### TO SECURE ENLISTMENTS

Mayor R. A. Beise Appoints Special Committee to Work with Corporal Raymond Lowery

Acting on the request of the government made through Captain Ned Green of Duluth, Mayor R. A. Beise has appointed the following as a special committee to assist the local recruiting officer, Corporal Raymond Lowery, in securing enlistments in the service of the nation in the present war: H. P. Dunn, chairman, S. R. Adair, O. A. Peterson and William Nelson.

Captain Green, who was here in conference with Mayor Beise recently stated that this plan is being followed generally now, in order to secure as many enlistments in the service of men of ages not subject to the selective draft. Members of the committee have nearly all had military service and in three cases have expressed their personal desire to enter the service in the present war. They are considered as specially fitted for the work allotted them and have accepted the commission, according to Mayor Beise.

### CHURCH PARADE TO TABERNACLE

(Continued from page 4)

Marshall Field discharged a girl from his employ who told a patron certain goods were washable when they were not.

Religion is needed in the home. Neglect the home and the nation goes to pieces. Purify the home and you will straighten up business, politics and schools. There is a difference between a house and a home. Its not a question of money either, but is Jesus Christ there. Many have much to live on but nothing to live for. I believe in social conventions to a degree and in pleasure too, but at the foundation of these must be the chief corner stone—the living Christ.

### CONCERT OCTOBER 2

Miss Marie Kaiser, Famous New York Soprano, to Sing at Opera House

Miss Marie Kaiser, the famous New York soprano, who appears here on October 2 at the Brainerd Opera House is just starting her concert season after a most unusual and successful spring tour as principal soloist with the Minneapolis Symphony Orchestra. During this tour, Miss Kaiser, through her magnificent voice and charming personality thrilled the hearts of her audiences in all the cities in which the Minneapolis Symphony Orchestra appeared.

People who take the attitude that nothing worth while is to be seen or heard outside of the big cities will be sadly disappointed as a musical treat of rare excellence is promised by Miss Kaiser's appearance here.

Richard Czerwonky, concert master of the Minneapolis Symphony Orchestra, says of Miss Kaiser's voice: "It is a great treat to hear her sing. Her voice is resonant full of warmth admirably controlled, and of considerable range. Added to this she has a winning personality." The virtue which adds much to Miss Kaiser's popularity as a concert singer is that she is most gracious and generous with her encores.

The music lovers of Brainerd anticipate an unusually wonderful event and are looking forward to Miss Kaiser's visit with great pleasure.

It is understood that a few tickets are still available and can be had by applying to the Folsom Music Co.

On Monday afternoon at 2:30 o'clock at the Chamber of Commerce the Brainerd Auxiliary of the Minnesota Public Safety committee will meet to attend to important matters. All ladies are urged to attend.

## FILL UP SOLDIER'S PIPE RIGHT NOW

Why the Delay? Do It Now—The Brainerd Daily Dispatch Tobacco Fund Past \$80

### 25 CENTS BUYS A KIT FOR MAN

\$1 Keeps Soldier in Smoking Tobacco for a Month, Join the Army Donating Smokes

Are you going to help fill up our soldiers' pipe?

Why the delay? Why not today? It would be hard to find a fund that you could contribute to that will bring more thanks from a soldier than the tobacco fund. As he opens that carton of tobacco, how his eyes will bulge out with joy.

He'll be tickled through and through. Santa Claus and all his Christmas packages could never make this khaki man so glad as this gift of cheer and comfort in the form of tobacco.

Whether he lives in a trench, in a tent or a shack, that good old tobacco will be a fitting comrade to drive away the dreariness of the long listless days and weird and shell pierced nights.

Every penny you give to this fund buys tobacco. There is no administrative expense. The government carries the tobacco to France free, the French allow it to come into the land of the tri-color duty free, it is purchased in large quantities at a low price.

The Dispatch is giving yards of space to the fund. In fact every one is helping along The Brainerd Daily Dispatch Fund by giving of his services for patriotic reasons. Every two bits you give buys 55 cents worth of smoke for the soldier. A dollar buys four kits and sends them to France. It is figured that a dollar will keep one man in smokes for a whole month.

### Here is what the quarter buys:

- 2 Packages of Lucky Strike Cigarettes, retail price .30
- 3 Packages of Bull Durham Cigarettes, retail price .15
- 3 Books Bull Durham Cigarette papers
- 1 Tin of Tuxedo Tobacco, retail price .10
- 4 Books of Tuxedo Cigarette papers .55

In every package is a post card addressed to a contributor of the tobacco fund. You'll be glad to get that message from a soldier friend overseas. There will be a certain amount of personal interest in these messages that will make you glad through and through that you have given. The government has put its O. K. on this tobacco fund. The Red Cross attends to its distribution.

Don't put it off any longer. Give today. Send as many dollars as you can spare. Write your name and address clearly. Use the coupon below.

J. R. Smith gave a dollar Friday and said one smoker should help out another comrade. A. D. Peterson said it was a worthy undertaking and he gave a dollar. Ole Larson, the Laur-

## WOOL GROWERS CONVENTION

To all persons interested in sheep raising in Northern Minnesota.

A convention of farmers and others interested in sheep raising in northern Minnesota is hereby called to meet at the Commercial Club rooms in the City of Bemidji, October 8 and 9, 1917.

The purpose of this convention is to form an organization of Wool Growers and to formulate and adopt plans for the co-operation of Minnesota and Federal Reserve banks, Farmer's Clubs, Livestock Dealers, Western Ranchers and Railroads to secure and place sheep on our idle Minnesota lands.

Able speakers will be present to discuss the problems of the wool grower from a practical standpoint.

This convention is called at the instance of the Bemidji Commercial Club by the following committee appointed for that purpose:

B. M. Gile, Agriculturist, Bemidji Public Schools.

C. W. Vandersluis, Mayor.

A. G. Wedge, Vice-President of the First National Bank.

J. J. Opsahl, Colonization Agent of Red River Lumber Co.

G. W. Harnwell, President of Bemidji Commercial Club.

Frank B. Lamson, Secretary of Bemidji Commercial Club.

## DEVELOPMENTS OF WEEK ON RANGE

Last of Stockpile Being Cleaned up at the Kennedy Mine of Rogers, Brown Ore Co.

### HILL CREST PIT IN FINE SHAPE

Railway Business at Ironton Increases—Western Union Station Put in There

At the Kennedy mine of the Rogers, Brown Ore Co. at Cuyuna, shipping of ore has changed from the Soo to the Northern Pacific railway, as each ships half the mine output each season. The last of the stockpile is now being loaded.

The Meacham stockpile has been cleaned up. The Ferro expects to clean up its stockpile today. At the Armour No. 2 which shipped some of its stockpile early in the season, some ore still remains in the pile to be cleaned up. At the Mangan No. 2, its stockpile is yet untouched and will be shipped soon. The mine is located on the forty north of the Armour No. 1 and the fee is owned by the John Mattson estate. The mine is operated by the Mangan Iron & Steel Co. which has a lease of the ground.

The Hill Crest pit is in fine shape, shipping ore regularly. To date 140,000 tons have been shipped. The Feigh mine shaft is now in rock. It is operated by the Cuyuna Realty Co.

At the Merritt mine a new timber shaft is being sunk, which during the winter was used as an operating shaft. The present operating shaft is being sunk deeper, as it is now only 110 feet deep.

The Ida May shaft of the Cuyuna-Minneapolis Co. is northwest of Big Rabbit lake and is just at ledge, attained after much difficulty penetrating wet ground.

Railway business at Ironton has so increased that the depot is to be enlarged by about 60 feet. The Northern Pacific is now building a telegraph line along the right of way between Deerwood and Ironton and hereafter messages will be sent direct out of Ironton by wire and not relayed, as in the past, by telephone to Deerwood and then wired.

The Cuyuna-Mille Lacs new operating shaft is down 125 feet and work on the buildings has started. The Northern Pacific railway has let a contract for construction of a new trackage system. About January 1 a change is to be made in the workings from the old to the new shaft. Al. F. Victor, engineer of the Cuyuna-Mille Lacs, commissioned a lieutenant in the reserve corps, has received word to hold himself in readiness for service.

The Joan No. 4 mine south of the Ferro mine started shaft work in July and is now hoisting and shipping ore. No water was encountered and the shaft sunk 50 feet was soon in ore.

Madge", the new Triangle play at the Best theater tonight. It was written by R. Cecil Smith and produced under the supervision of Thomas H. Ince.

In "Madcap Madge" Olive Thomas appears as Madge Flower, the daughter of a wealthy broker. She is a wholesome, mischievous girl who gets expelled from a young ladies' finishing school so she can join her mother and older sister at Palm Beach.

where she makes her entrance on a ballroom floor on roller skates much to the dismay of her parents. Mother and sister are angling for an English nobleman who is traveling incognito. He turns out to be a doddering old gentleman and not at all what they expected.

## Died of Premature Old Age!

How many times we hear of comparatively young persons passing away when they should have lived to be 70 or 80 years of age. This fatal work is usually attributed to the kidneys, as, when the kidneys degenerate, it causes auto-intoxication. The more injurious the poisons passing thru the kidneys the quicker will those noble organs be degenerated, and the sooner they decay.

It is thus the wisest policy, to prevent premature old age and promote long life, to lighten the work of the kidneys. This can be done by drinking plenty of pure water all day long, and occasionally taking a little Anuric before meals. This can be obtained at almost any drug store. You will find Anuric more potent than lithia for it dissolves uric acid as water does sugar.

### WHAT NEIGHBORS SAY.

Breckenridge, Minn.—"For a number of years I suffered with woman's weakness in its worst form. I was in distress continually—had backache, pains in my side, also bearing-down pains. I could not be at ease in any position, day or night. Could not eat nor sleep. I was so thin I was next to a walking shadow and very weak. Nothing I could find in the way of medicine or that the doctors would give me seemed to help me in the least until I began to use Dr. Pierce's Favorite Prescription and it completely cured me of my ailment. Since then I have taken it at times when I felt bad and it never failed to give relief. I gladly recommend it."—Mrs. F. D. McNaughton, 6th Street N.

Michaelis Raps Wilson.  
Amsterdam, Sept. 29.—Dr. Michaelis, the German imperial chancellor, in a speech to the main committee of the reichstag, said that Pope Benedict's peace proposals were inspired by moral seriousness, pure justice and neutrality, which things were lacking in the reply made by President Wilson to the Pope.

College Girls Fight Fire.  
Fergus Falls, Sept. 29.—Fire broke out in the laundry section of the girls' dormitory at the Northwestern college in this city, presumably from an electric iron. The girls were aroused from slumber, formed a bucket brigade and kept the fire in check until the department arrived.

## HITS DISLOYAL HEAVY BLOWS

Roosevelt Routes "Huns Within Our Gates" in Twin City Speeches.

## RECEIVES BIG OVATION

Colonel Flays La Follette as "Most Sinister Enemy Within Nation's Borders"—Gronna and Lundeen Also Scored.

Minneapolis, Sept. 29.—Theodore Roosevelt trained his heavy guns on "Huns within our gates" and put them to rout in his Twin City speeches. From the time he arrived at noon and until he left, the former president, apostle of preparedness, kept up his fire. With the thousands upon thousands who heard him in Minneapolis and St. Paul he was stamping out all traces of disloyalty left by La Follette.

"Lesser Microbes" Denounced.  
"While the men in khaki are warring against the Huns without our gates, let us war against the Huns within our gates," he said. And it was that purpose that guided him every minute of the time that he spent in the Twin Cities.

La Follette was called "the most sinister enemy of the United States within its borders." Senator Gronna of North Dakota, "Ernie" Lundeen and others of their kind were dubbed "lesser microbes" and "shadow-Huns."

The Nonpartisan league and its leaders, A. C. Townley and Congressman John M. Baer, were not spared. They came in for the most scathing denunciations for their utterances.

Man-handles La Follettism.  
Mr. Roosevelt paid his respects to the conscientious objector. He would deprive him of a vote. He man-handled La Follettism and the "neo-copperheads" who advocated it. He wanted to see La Follette and the Kaiser in close companionship because he "wished ill to both."

He said America must become a great industrial democracy and he advocated compulsory, universal military service as the great requisite to make America really independent among the nations.

His hearers applauded him at every step. He drew the greatest demonstration, however, with a little personal reference out of the current of his speech.

"I am an old man," he said. "It is a matter of bitter regret to me not to be allowed to go abroad to serve in the army of the United States. I have made other sacrifices that were bigger, for I have sent my four sons."

House Is One With Speaker.  
The house was on its feet in an instant, cheering and clapping and waving hats and handkerchiefs. It was one with the speaker.

"No father or mother here in my position, who understands, but would do anything honorable to avoid war," he continued. "I am not for war when war can be honorably avoided. I was president seven years and in all that time there wasn't a shot fired by us or an American citizen killed by a foreign power."

"We have heard much of the conscientious objectors to military service, the outcry having been loudest among those objectors who are not conscientious at all, but who are the paid or unpaid agents of the German government."

"It is certain that only a small fraction of the men who call themselves conscientious objectors in this matter are actuated in any way by conscience. The bulk are slackers, pure and simple, or else traitorous pro-Germans. Some are actuated by any desire to avoid any duty that interferes with their ease and enjoyment, some by the evil desire to damage the United States and help Germany, some by sheer, simple, physical cowardice. In the aggregate, the men of this type constitute the great majority of the men who claim to be conscientious objectors, and this fact must be remembered in endeavoring to deal with the class."

"In some of our big cities, since the war began, men have formed vegetarian societies, claiming to be exempt from service on the ground that they object to killing not merely men, but slackers. Others among the leading apostles of applied pacifism are not mild men; on the contrary they are brutal, violent men, who are perfectly willing to fight, but only for themselves and not for the nation. These tough-neck pacifists have always been the potent allies of the parlor or milk-and-water pacifists, although they stand at the opposite end of the developmental scale."

Like Conscientious Polygamists.  
"The peace people of the directly opposite type include the men who conscientiously object to all participation in any war, however brutal the opponents, and however vital triumph may be to us and to mankind. These persons are entitled to precisely the respect we give any other persons whose conscience makes them do what is bad. We have had in this country some conscientious polygamists. We now have some conscientious objectors to taking part in this war."

"If these men are sincere they will refuse to interfere (for moral suasion is not interference) with a white-slaver who runs off with one of their daughters or a black-hander who kidnaps and tortures a little child or a ruffian who slaps the wife or mother

of one of them in the face. They are utterly insincere unless they decline to take advantage of police protection from burglary or highway robbery. Of course if such a man is really conscientious he cannot profit or allow his family to profit in any way by the safety secured to him and them by others, by soldiers, in time of war, by judges and policemen in time of peace; for the receiver is as bad as the thief. I hold that such an attitude is infamous; and it is just as infamous to refuse to serve the country in arms during this war. If a man's conscience bids him to act, then his conscience is a fit subject for the student of morbid pathology."

"Respect the conscientious objector's opinions, but let him abide by the full consequence of his opinions. Universal suffrage can be justified only if it rests on universal service. We stand against all privilege not based on the full performance of duty; and there is no more contemptible form of privilege than the privilege of existing in smug, self-righteous, peaceful safety because other, braver, more self-sacrificing men give up safety and go to war to preserve the nation. If a man is too conscientious to fight, then the rest of us ought to be too conscientious to let him vote in a democratic land which can permanently exist only if the average man is willing in the last resort to fight for it, and die for it."

"I wish to see the principle of universal obligatory military service established in this country precisely because it is the only democratic principle. We are in the war and we must do the best we can with the instruments that are at hand. Whether or not I have disapproved of the methods adopted, when once they were adopted I have loyally tried to help them work. But I emphatically protest against the failure to make permanent provision by preparedness in advance against the occurrence of disaster to this country, and the failure properly to democratize our army."

"What we need is the permanent establishment in this country of the system of universal obligatory military training for all our young men, and for making officers out of the best fitted among these young men, without the slightest regard to whether they or their fathers have money or do not have money."

"Under this as a permanent system, every young man so trained—some time between the ages of 18 or 19 and 21 or 22—will spend one year with the colors in the field. He would not be allowed to vote until he had performed this service, no matter where he was born. The son of the railway president and the son of the brakeman, the son of the banker and the son of the bricklayer, the son of the lawyer and the son of the farmer will all live on the same food, sleep in the same tents, do the same work, go on the same hikes. This would not only help from the military standpoint. It would also help to bring about in civil affairs a realization of what is meant by democracy and a chance for real understanding of one another by all our citizens. It would mean the drilling into every man of a sense of true devotion to the flag."

## BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it is no longer a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

## Catarrhal Cough

Mr. W. S. Brown, R. F. D. No. 4, Box 82, Rogersville, Tennessee, writes:  
"I feel it my duty to recommend Peruna to all sufferers of catarrh or cough. In the year 1909, I took a severe case of the la grippe. I then took a bad cough. I had taken all kinds of cough remedies but got no relief. I then decided to try Peruna. I used five bottles. After taking five bottles my cough stopped and my catarrh was cured. My average weight was 115 and now I weigh 148½. Any one suffering with catarrh in any form I will advise them to take Peruna."
